

WEEK 8:

Practice and Present

Week 8: Practice and Present

Goal: Prepare to share your project confidently.

Tasks:

- Rehearse explaining your project to family, friends, or teachers.
- Prepare answers to potential questions, such as "Why did you choose this topic?" or "What would you do differently next time?"
- Ensure your display board and materials are complete and organized.
- Arrive to the science fair early to set up and get comfortable with your space.
- Smile, make eye contact, and speak clearly when presenting to judges or visitors.

Additional Activities:

- Create handouts or a short summary to give to judges or guests.
- Write a reflection on what you learned from the entire process.

Tip: Show enthusiasm and pride in your work; your passion can make a big impression.

Rigorous Science from a Christian Worldview

At Journey Homeschool Academy, we're passionate about equipping families to homeschool with confidence while fostering a lifelong love of learning. We offer a wide range of engaging, video-based science courses designed for students from elementary through high school. Each course is crafted to make science approachable, exciting, and memorable for students – whether they're discovering the wonders of astronomy or diving into the complexities of biology.

Why Choose Journey Homeschool Academy?

- **Engaging Video Lessons:** Each course features high-quality video instruction led by experienced educators who are passionate about their subjects.
- **Hands-On Activities:** Lessons include hands-on experiments and activities that bring science concepts to life, making abstract ideas tangible and fun.
- **Comprehensive Resources:** From easy-to-follow guides to supplementary reading lists, we provide everything you need to guide your child through their learning journey with ease.
- **Flexible and Family-Friendly:** Our courses are designed to fit seamlessly into your homeschooling schedule, allowing you to work at your child's pace and adjust for your family's unique needs.
- **Faith-Based Learning:** We integrate a biblical perspective into our lessons, helping students see the wonder of God's creation in every aspect of science.
